What is the CISA exam?

The CISA exam is a globally recognized certification that is designed to assess the knowledge and skills of information systems auditors. The exam is offered by the Information Systems Audit and Control Association (ISACA) and is one of the most respected certifications in the information security field.

The CISA exam is divided into five domains:

1. The Audit Process

2. Governance and Management of IT

3. Information Systems Acquisition, Development, and Implementation

4. Information Systems Operations, Maintenance, and Support

5. Protection of Information Assets

Each domain is weighted differently on the exam, with the Audit Process being the most heavily weighted.
