The Green Bones are a race of people who possess the ability to manipulate jade, a magical substance that can be used to enhance their strength, speed, and healing abilities. The Kaul family is one of the most powerful Green Bone clans in Janloon, and they control much of the city's jade trade. However, their power is threatened by the arrival of a new Green Bone clan, the Mountain Clan.

Jade City is a complex and gritty novel that explores themes of family, loyalty, and power struggles. The novel's characters are well-developed and relatable, and the world of Janloon is vividly realized. Lee's writing is

both lyrical and brutal, and she does not shy away from exploring the dark side of human nature.

If you're a fan of urban fantasy, epic fantasy, or crime fiction, then I highly recommend *Jade City*. It's a gripping and unforgettable novel that will stay with you long after you finish it.

Janloon is a city of contrasts, where the rich and powerful live in luxury while the poor struggle to survive. The city is also home to a large population of Green Bones, who are often feared and persecuted by the non-Green Bone population.
