Avalon: The Isle of Apples

Avalon is a legendary island first mentioned in the writings of the ancient Greek geographer Pytheas. According to Pytheas, Avalon was located in the far north of the Atlantic Ocean, beyond the reach of the known world. He described it as a land of perpetual summer, where the sun never set and the trees bore fruit all year round.

In later Celtic mythology, Avalon became associated with the Isle of Apples, a mystical realm where the goddess Branwen took her wounded brother Bran the Blessed to be healed. In the Arthurian legend, Avalon is the final resting place of King Arthur, who was taken there by the Lady of the Lake after being mortally wounded at the Battle of Camlann.

Atlantis: The Lost City

Atlantis is perhaps the most famous of all the enchanted islands of the Atlantic. According to the Greek philosopher Plato, Atlantis was a vast and powerful empire that existed in the Atlantic Ocean around 11,000 years ago. Plato described Atlantis as a utopian society, with advanced technology and a wise and just government.

However, Atlantis was eventually destroyed by a series of earthquakes and floods. Plato's account of Atlantis has been the subject of much debate and speculation over the centuries. Some people believe that Atlantis was a

real place that sank beneath the waves, while others believe that it was simply a myth created by Plato.

The Lost City of Atlantis

The Canary Islands: The Fortunate Isles

The Canary Islands are a group of seven islands located in the Atlantic Ocean, off the coast of Africa. The islands were first discovered by the Phoenicians in the 6th century BC, and they were later visited by the Greeks and Romans. The Canary Islands were given their name by the Romans, who called them the Fortunate Isles because of their mild climate and fertile soil.

The Canary Islands are home to a number of unique and fascinating legends. One of the most famous legends is the story of the Guanches, the indigenous people of the islands. The Guanches were a tall and athletic people, and they were said to have possessed supernatural powers. According to legend, the Guanches were able to control the weather and to communicate with animals.

The Azores: The Islands of the Blessed

The Azores are a group of nine islands located in the Atlantic Ocean, about 1,000 miles west of Portugal. The islands were discovered by the Portuguese in the 15th century, and they were later colonized by the Portuguese. The Azores are known for their beautiful scenery, their mild climate, and their friendly people.

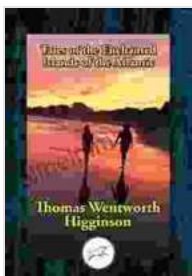

The Azores are home to a number of unique and fascinating legends. One of the most famous legends is the story of the Seven Cities of Cibola. According to legend, the Seven Cities of Cibola were founded by seven Portuguese bishops who were fleeing from the Moors. The cities were said to be made of gold and silver, and they were guarded by dragons. Many expeditions were launched to find the Seven Cities of Cibola, but none were ever successful.

The Islands of the Blessed of the Azores

The Atlantic Ocean is home to a wealth of enchanting islands, each with its own unique history, culture, and legends. From the mystical Avalon to the fabled Atlantis, these islands have captivated the imaginations of people for centuries. Whether you are interested in history, mythology, or simply a

good story, the enchanted islands of the Atlantic are sure to have something to offer you.
